The agenda for this meeting has been prepared and distributed to the Mayor and Council and a copy has been on file in the Office of the Borough Clerk.

Mayor Tillie asked if any Members of the Council, the Borough Clerk or the Borough Attorney wished to address the Council.

Borough Attorney Jillian Baxter: Gave the following report.

Honorable Mayor and Council:

Please be advised that I recently received a 77 page fax from a Dallas law firm concerning Chapter 289 of Totowa's Code Book which is entitled "Peddling and Soliciting". This is also known as our Canvasser's Ordinance. More specifically, this Texas law firm is alleging that Totowa's Peddling and soliciting regulations may be unconstitutional. The firm represents Aptive Environmental, LLC, a nationwide pest control company, with local offices in Succasunna, New Jersey. The letter from the law firm states that most of Aptive's sales are made through door to door soliciting. A Google search revealed that it is the 11th largest pest control company in the United States and the 6th largest privately held company, based on revenues. It did \$37 million in revenue in 2016 and \$80 million in 2017. The letter also states that Aptive generated more than \$4 million in door to door sales in New Jersey.

Their objections to our current code provision include the hours as well as the licensing and fingerprinting requirements. They claim to be losing thousands of dollars in sales every day under Totowa's current regulations. It appears that this Texas law firm has been approaching municipalities throughout the country threatening litigation if their ordinances are not rescinded or amended. Just last year, the U.S. District Court for the District of New Jersey granted a Temporary Restraining Order against the Borough of Woodcliff Lake. In another case litigated in Colorado, the law firm received more than half a million in attorney's fees.

It is unclear as to whether or not Aptive has ever applied for a Solicitor's license in Totowa. Although I do not believe that the Borough of Totowa has violated any individual's constitutional rights through our current Code book provisions, it is my recommendation that we rescind Chapter 289 in its entirety and adopt an updated Soliciting and Peddling Ordinance that will withstand costly lawsuits such as this one.

If you should have any questions or need additional information, please do not hesitate to contact my office.

Mayor Tillie asked if any citizens wished to be heard.

CITIZENS HEARD:

There were no citizens who wished to be heard.

There was a motion by Councilman Mancini, seconded by Councilwoman Gennarelli to approve the Minutes of the Mayor and Council for the meeting of May 14, 2019. On roll call vote, all members of the Youth Week Council present voted in the affirmative.

COMMITTEE OF FINANCE:

Borough Clerk Salvemini announced that we will now have a report from the Tax Assessor and then the Tax Collector.

Tax Assessor Giancarlo Peluso: Gave the following report.

Honorable Mayor and Council,

2019 began with an increase in total ratables from 2018 of approximately 38 million dollars. This increase was due to added assessments which included "Exempt" properties ceasing to be "Exempt". The Assessment/Sales ratio increased from 106.18% to 106.90%.

The 2019 Tax Appeal deadline for Totowa was April 1st. The Passaic County Board of Taxation has received nearly 2,200 appeals to date, of which thirty (30) were filed by Totowa taxpayers. These appeals were heard on May 9th. The judgments for these appeals should be received in the beginning of June. Nineteen (19) State Tax Court appeals were filed for 2019. Forty-one (41) Tax Court cases have been settled or withdrawn over the past year, leaving a pending total of eighty-one (81) at the State level. The Borough Tax Counsel, Appraiser and I continue to negotiate settlements or prepare for trial.

Two-hundred fifty-six (256) deeds were processed in 2018 which is a slight increase over the year prior. Of these two-hundred fifty-six (256) only one-hundred ninety-one (191) involved an exchange of money. So far for 2019, thirty-seven (37) deed transactions have been recorded but only twenty-five (25) are considered valid for sales analysis.

As always, should you have any questions or comments, please stop by the office.

Honorable Mayor and Council,

Our department will participate in the countywide Aggressive Driving Enforcement Program during the Memorial Day holiday weekend while working with the Passaic County Traffic Officers and the New Jersey Division Of Highway Traffic Safety.

The speed monitor trailer is being placed in certain areas where we have received speeding complaints. It has been given a tune-up after winter storage – this by our Department of Public Work staff.

We are still waiting on a future purchase of new 2020 Ford Interceptor Police Vehicles. These sedans are an All-Wheel Drive Model with the special “Police Package”. Ford reports there has been a delay on the delivery of this year’s model. The base price for the 3.3L V6 engine is \$32,734. The price for the Hybrid engine is \$35,544. This package is through the Morris County Cooperative Pricing Council.

We are currently involved in the statewide “Click It or Ticket” Program during the month of May, between May 20th and June 2nd. This is in an effort to increase the use of seatbelts and cut down on crash injuries.

We want to see everyone have a safe, happy and healthy summer.

Fire Chief Daniella Ferguson: Gave the following report.

Honorable Mayor and Council,

Tonight I report that as of today, the Totowa Fire Department has responded to 139 calls so far this year. Thankfully, all of these calls have been minor, ranging from alarms for unattended cooking to alarm malfunctions.

This year, we received our Scot Pak upgrade to bring the Fire Department in compliance with our industry standards.

The Fire Department anxiously awaits the arrival of our new E-One 100 foot aerial ladder, which hopefully will be delivered in August.

Firefighter Darrel Buffa from Riverview Park Company #3 just finished training at the Passaic County Fire Academy with the highest GPA in his class. The department is very proud of his accomplishment.

Superintendent of Public Works Brian Gaboda: Gave the following report.

Honorable Mayor and Council,

This time of year the Department of Public Works is very busy getting all the parks and fields in the Borough of Totowa cleaned up from the winter months. We are preparing and maintaining all of the athletic fields on a daily basis for the Borough's Spring sports programs. With our sports programs extending their seasons, our fields need a lot more attention and care.

We received a grant from Passaic County Open Space Fund for new park equipment that was recently installed at the PAL playground. In addition to mulching and planting 325 flowers, the American Legion Post 227 donated 250 pennants which have the American flag on them, saying "Welcome to Totowa" which we installed on our decorative street lights along Union Boulevard.

We've have also begun our road paving program which will include Jefferson Place and Raphael Road. Next month, we will begin our annual fire hydrant flushing program which consists of exercising and flushing approximately 515 fire hydrants through the borough.

We are just about finished with our William Place/Totowa Road borough parking lot. We installed a storm tech drainage system which has approximately 200 feet of chambers underground that will collect rain water from the catch basins, hold the water and then let it drain slowly into the ground which helps stop water run-off from going into the river.

Public Service is installing underground electric lines starting from Taft Road to Maltese Drive through West End Road, down Riverview Drive onto Minnisink Road, down Furler Street onto Lackawanna Avenue and ending in Cedar Grove.

We will also be replacing about 900 feet of 8" water main on Furler Street to improve some of our underground utilities. The road will then be repaved, curb to curb.

Upon the recommendation of DPW Superintendent Jim Niland, there was a motion by Councilman Bucher, seconded by Councilwoman Walters to approve a grade increase for DPW Laborer Domenick Coiro from Grade 2 to Grade 1.
